To whomever this concerns:

In light of the fact that I choose not to give irradiated foods to my children, I most earnestly request that any food containing exposure to radiation, either in whole or in any part, be clearly labeled as such to the consumer.

Please protect truth in labeling as well as a parent's responsibility to know what they are giving their children to nourish their bodies during the crucial years of childhood. We have a right to know exactly what we are buying. Thank you.

Sincerely,
Elsa I. Beystrum C4305
